Blackmagic Constellation 8K with 2me Controller Video Switcher

powerful switcher in a 2 RU chassis that can easily handle 4K video and supports 8K. It features a built-in control panel on

the front and 40 12G-SDI inputs, with two main and 24 AUX 12G-SDI outputs. Each input has its own standards converter, which allows you to seamlessly switch between inputs no

Barco S3 Jr Tricombo Image Control

Bringing the same performance and features as the E2, the E2 Jr model is ideally suited for applications that do not require the full capacity of the E2. Offering 16 inputs, 8 outputs, and 8 mixers (or 16 single layers), the E2 Jr features the same 4 RU form factor as its bigger E2 brother.

Blackmagic Design ATEM Television Studio Pro HD

Blackmagic Design ATEM Mini Extreme ISO

We are proud to have one of the biggest LED Panels inventory in Houston and surrounding areas.

Novastar H5, MX40, MX30 and UHD Jr and VX Series
The NovaPro UHD Jr provides a variety of video input connectors, supporting 4K×2K@60Hz image processing and sending capabilities.

Cameras

Blackmagic Ursa Broadcast 4k GEN2

This **Blackmagic Design URSA Broadcast Camera Kit** put together by **B&H** pairs the URSA Broadcast camera with the Fujinon LA16x8BRM-XB1A 4K ENG telephoto lens that has a 16x zoom ratio, an 8 to 128mm focal length, electronic back focus adjustment, and a macro function. Together, these components provide a studio-style camera setup for single-operator control.

RED KOMODO 6k

The **KOMODO 6K Camera Production Pack** from **RED DIGITAL CINEMA** pairs the lightweight Super35 KOMODO 6K camera with multiple key accessories. This starter pack includes an RF to EF mechanical lens mount adapter, the electronic Canon EF-EOS R Mount Adapter with Drop-In Variable ND Filter, an expander module, an outrigger handle, a clear drop-in filter, an AC power adapter, a Mini World Travel Adapter Kit, one 512GB card, a card

Blackmagic Cinema Pocket 6K

With only a slightly larger form factor than the 6L, the 6K Pro records the same resolutions up to 50 fps 6144 x 3456 video, and it retains the valuable active Canon EF mount, letting users take advantage of the expansive array of EF/EF-S mount lenses available. The EF mount supports iris, autofocus, and zoom functions using electronic communication when using compatible lenses.

Sony Alpha A7III 4k Camera with DJI RS2 Gimbals

An ideal starter bundle, the Sony Alpha a7 III Mirrorless Digital Camera with 28-70mm Lens and Accessories Kit from B&H extends the camera's versatility with the addition of a camera bag and a memory card.

Camera Supports

Flycam Arm body support with Ronin RS2 Gimbal

The Flycam Comfort Arm & Vest converts a handheld stabilizer into a full body-worn system that eliminates the stress and captures fluid on-screen camera shots with unsurpassed comfort. The spring arm and vest connects to each other assisting the stabilizer and greatly improving the overall functionality and reducing operator fatigue. It lets you execute more natural-looking manual camera pan movements. Gives you Wide Vertical range of motion, including "Low Mode".

Proaim Kite-22 Telescopic Camera Jib Crane with 3 axis head

Our Proaim Kite-22 Wonder Kit is our professional Video production Camera Crane that provides creatives with a flexible shot selection, easy set up and rugged long life construction. This best-selling film camera crane comes with portable floor camera dolly with 360-degree rotating wheels to add dynamic movement to your shots. The 2-axis Pan Tilt head with remote control operation features 360-degree panning and tilting movement with reversal point.

Ronin RS2 Gimbal

DJI RS 2 isn't just a gimbal – it is an unparalleled solution for dynamic cinematography. Every design element and feature is made to deliver industry-leading camera stabilization. Simply put, DJI RS 2 is crafted for you to master filmmaking.

Absorber Arm (30-65kg) for Camera Gimbals

Cartoni Maxima Film Style Fluid Action Head

The Cartoni Maxima Film Style Fluid Action Head features a Mitchell flat base and comes with a cine style sliding plate, a length adjustable pan bar and a short handle. The head weighs 32 lbs and supports a payload of 88 lbs at 8".

Panasonic PT-DZ8700U Projector x2

Panasonic's original dual-lamp system, with its new 355-W lamp, has helped to make the body as compact as Panasonic's original PT-D7700U Series, while providing a full 10,600 lm of brightness with 120-VAC operation.

Panasonic PT-DZ780BU Projector x2

Enjoy bright images in most settings with the black **Panasonic PT-DZ780BU 7000-Lumen WUXGA DLP Projector**. It features up to 7000 lumens of brightness and a 3000:1 dynamic contrast ratio, which work together to overcome light in most rooms and provide detail in dark areas of the image. Additionally, this projector sports WUXGA
